The bundle offers a range of features, including: * Teacher and student dashboards * Ability to tag questions with specific skills * Tracking of each student's mastery of each skill * Editing capabilities * Option to automatically assign follow-up activities based on students' scores This resource is an excellent way to improve student outcomes while providing a valuable learning experience. 1. A defining feature of capitalism is that it relies on private entities controlling the means of production. 2. Businesses own and manage resources. 3. In a capitalist economy, wealth is not evenly distributed among individuals. 4. Instead, it is often concentrated among a small group of wealthy people.
